Brown University

A photograph of a large pile of weathered driftwood in a forest stream. The driftwood is piled high, filling the foreground and middle ground. In the background, a small stream flows through a dense forest of evergreen trees. The scene is misty or foggy, creating a soft, atmospheric light. Overlaid on the image are several text labels in a white, bold, sans-serif font with a black outline, arranged in a circular pattern around the central pile of driftwood.
